Product overview

Knkong power transformer Meets ANS/IEEE/CSA standard

pole mounted transformer tank coating exceeds ANSI C57.12.31

single pole mounted transformer cover with a minimum dielectric strength of 8 kV pole mounted transformer

tin-plated high-and low-voltage bushing terminals to accommodate aluminum or copper conductors single

phase step down transformer with heavy-duty lifting lugs and hanger brackets per ANSI/CSA requirements

power transformer single pole mounted transformer which is single phase pole mounted transformers (also call

pole mounted transformer,single-phase transformer or single pole mounted transformer have been field

proven to provide reliability quality single phase pole mounted transformer in various regions of the world,

even in the harshest climates. Our power transformer single phase pole mounted transformers flexible design

concept and multiple manufacturing facilities allow us to meet special

customer requirements for single phase pole mounted transformer, with short lead times in single phase pole

mounted transformers and at an affordable price at pole mounted transformer,single-phase transformer or

single pole mounted transformer

Those pole mounted transformer,single-phase transformer or single pole transformer product sheet lists many

of the standard features and benefits of our pole mounted transformer,single-phase transformer,single pole

mounted transformer.

Our Service:

- 1.quick response in before sales period help you got order.
- 2.excellent service in production time let you know each step we made.
- 3.reliable quality solve you after sale headache.
- 4.long period quality warranty ensure you can buy without hesitate.

Why Choose Us:

1. One-stop supplier globally.
2. More than 10 years professional experiences in electrical appliance industry.
- 3.We offer professional online technology support for perfecting your electrical solution free.
4. Experienced sales service and suggestion.
5. All the products with accessories under strict quality control and final inspection before shipping.
6. We can assure the powerful competitive price and reliable quality products.
7. Most competitive shipping rate from our own shipping forwarder.
8. Whatever big or small order, we can provide you one-to-one service.

10KV-D11 M.R-10~160KVA Single Phase Transformer main technical data

Rated Capacity (KVA)	High voltage (KV)	Tapping Range	Low voltage (KV)	Frequency (Hz)	Connection Symbol	Short-circuit impedance (%)	No-load loss (W)	load loss (W)
10	6 6.3 6.6 10 10.5 11	±5% ±2 X 2.5%	2* (0.22-0.24) or (0.22-0.24)	50	li0 li6	3.5	55	260
16							65	365
20							80	430
30							100	625
40							125	775
50							150	950
63							180	1135
80							200	1400
100							240	1650
125							285	1950
160							365	2365
