Container substation is also called outdoor complete substation, combined substation, because it has the advantages of flexible combination, easy transportation, migration, easy installation, short construction period, low operating cost, small footprint, no pollution, maintenance-free, etc. , Container substation has been widely valued. In the construction (renovation) of the rural power grid, it is widely used in the construction and transformation of urban and rural 10 to 110kV small and medium-sized substations (distribution) substations, factories and mines, and mobile operation substations.

**Standard**

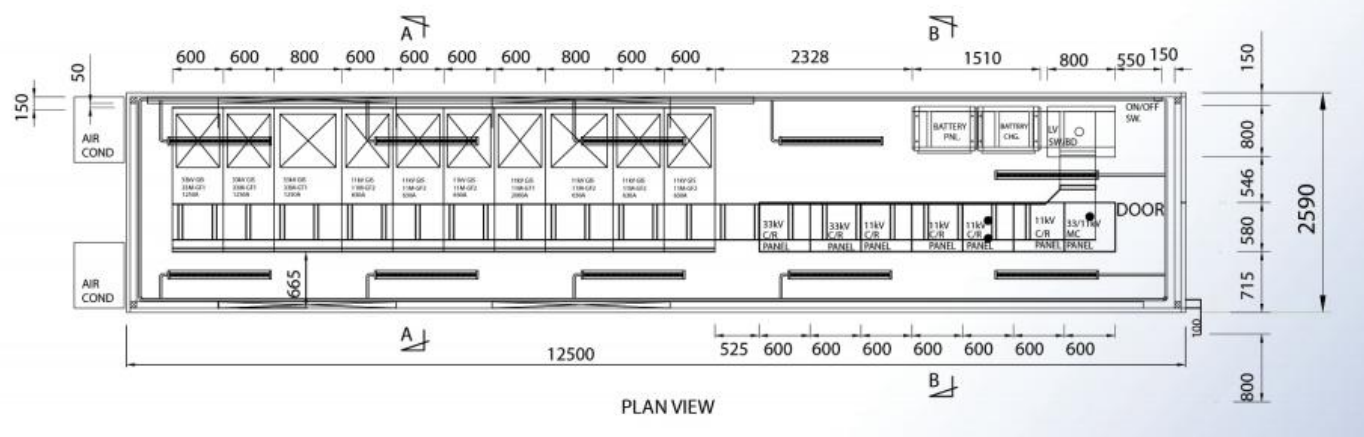

- IEC 62271-200                      MV AIS & GIS
- IEC 62271- 100                    Vacuum Circuit Breaker
- IEC 62271- 102                    Disconnecter / Load Break / Earthing Switch

**DEMENSIONS OF STANDARD CONTAINERS**

Dimensions	20 footer	40 footer
Length (mm)	9144	12192
Height (mm)	2896	2896
Depth (mm)	2600	2600

6.6-17.5kVAIS Ratings		
Rated short circuit	25kA	31.5kA
Rated Current	1250A-2000A-250	1250A-2000A-250
6.6 - 40.5kV GIS Ratings		
Rated short circuit	25kA	31.5kA
Rated Current	1250-2500A	1250-2500A

### Why Choose Us:

1. One-stop supplier globally.
2. More than 10 years professional experiences in electrical appliance industry.
3. We offer professional online technology support for perfecting your electrical solution free.
4. Experienced sales service and suggestion.
5. All the products with accessories under strict quality control and final inspection before shipping.
6. We can assure the powerful competitive price and reliable quality products.
7. Most competitive shipping rate from our own shipping forwarder.
8. Whatever big or small order, we can provide you one-to-one service.
